FRANKLIN COUNTY HIGH SCHOOL

ROCKY MOUNT, VIRGINIA

Nineteen Hundred and Fifty-Five

Foreword

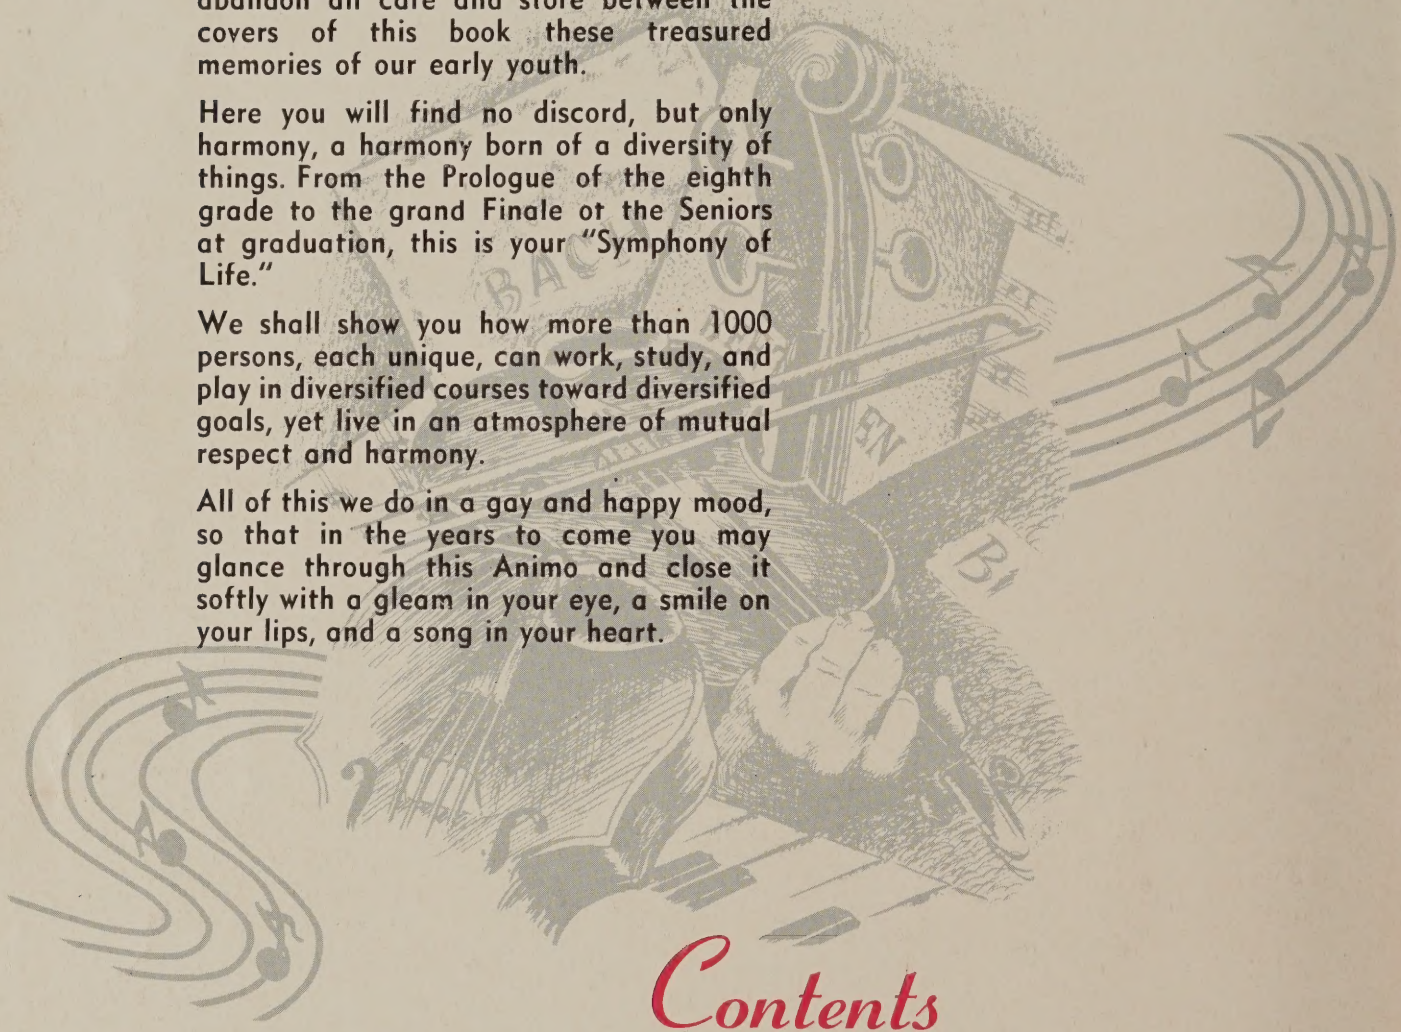

Music means happiness and because we want our 54-55 Animo to make everyone happy, we are presenting this year's events in a musical manner.

We realize all too well, that life is a serious business, but, as for now, we are going to abandon all care and store between the covers of this book these treasured memories of our early youth.

Here you will find no discord, but only harmony, a harmony born of a diversity of things. From the Prologue of the eighth grade to the grand Finale ot the Seniors at graduation, this is your "Symphony of Life."

We shall show you how more than 1000 persons, each unique, can work, study, and play in diversified courses toward diversified goals, yet live in an atmosphere of mutual respect and harmony.

All of this we do in a gay and happy mood, so that in the years to come you may glance through this Animo and close it softly with a gleam in your eye, a smile on your lips, and a song in your heart.

To a man who is to our school as the violin is to a symphony—a basic instrument;

to a man whose actions constantly affirm his deeply felt principles;

to one who has given himself for the betterment of Franklin County High School;

to one who knows something about practically everything and exhibits this knowledge in his physics class and in any class from mathematics to a foreign language;

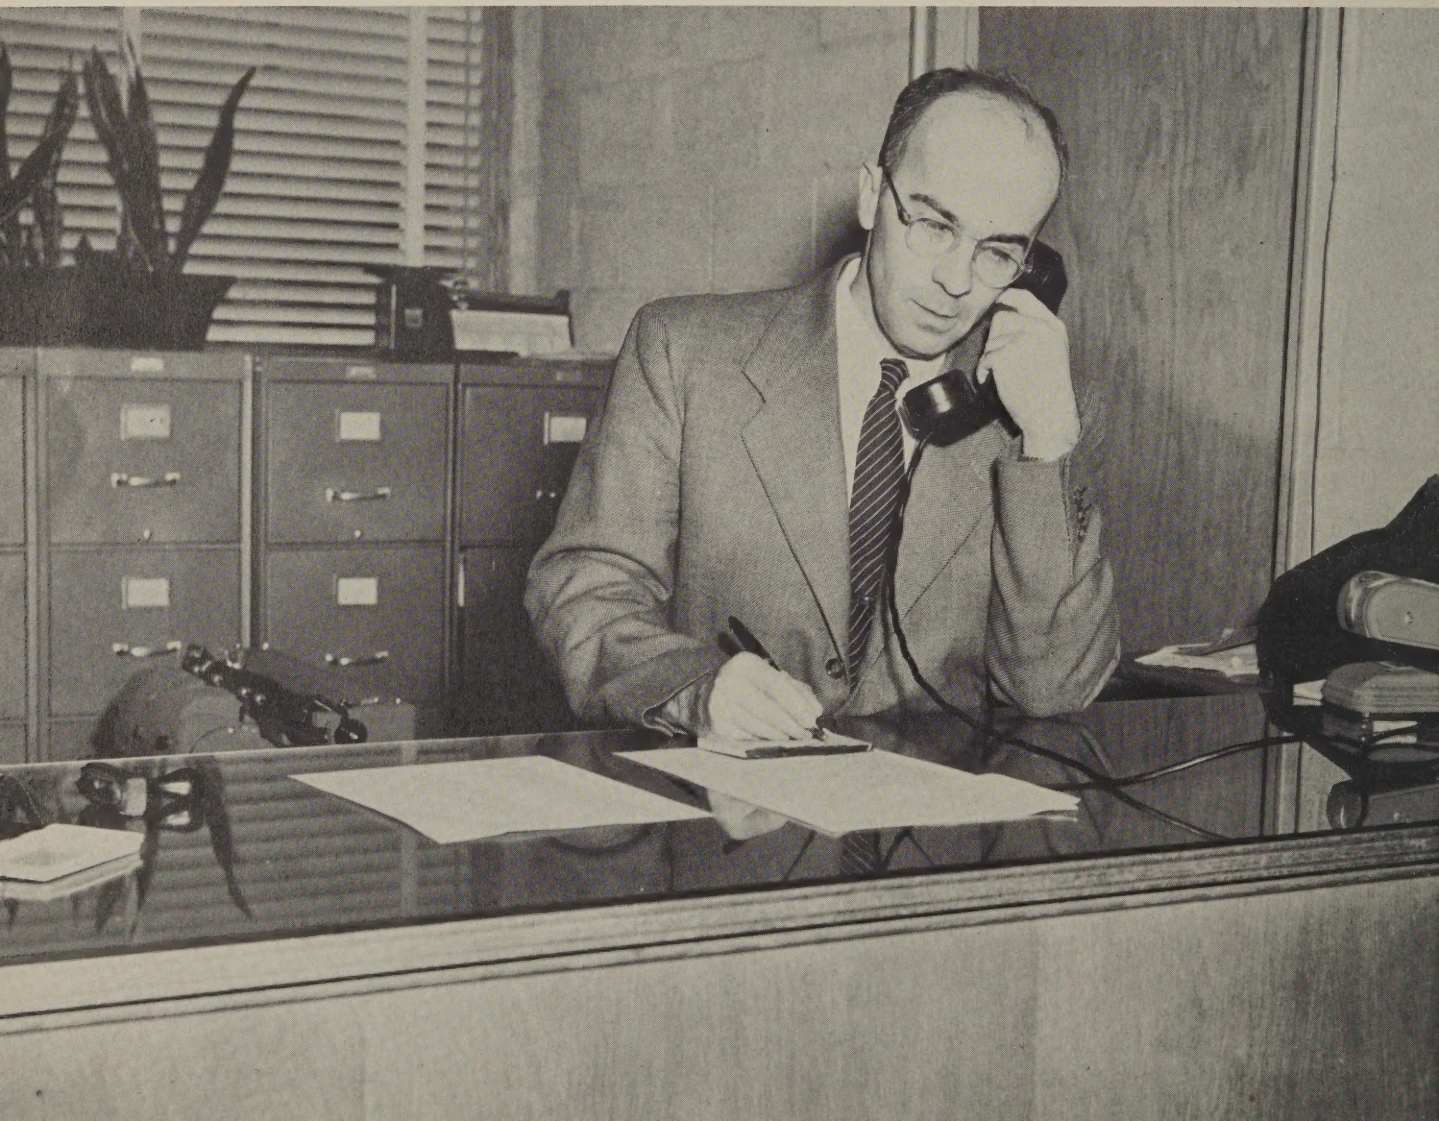

to one who possesses the ability to guide and advise college-bound students about all fields of future lifetime occupations, services and professions;

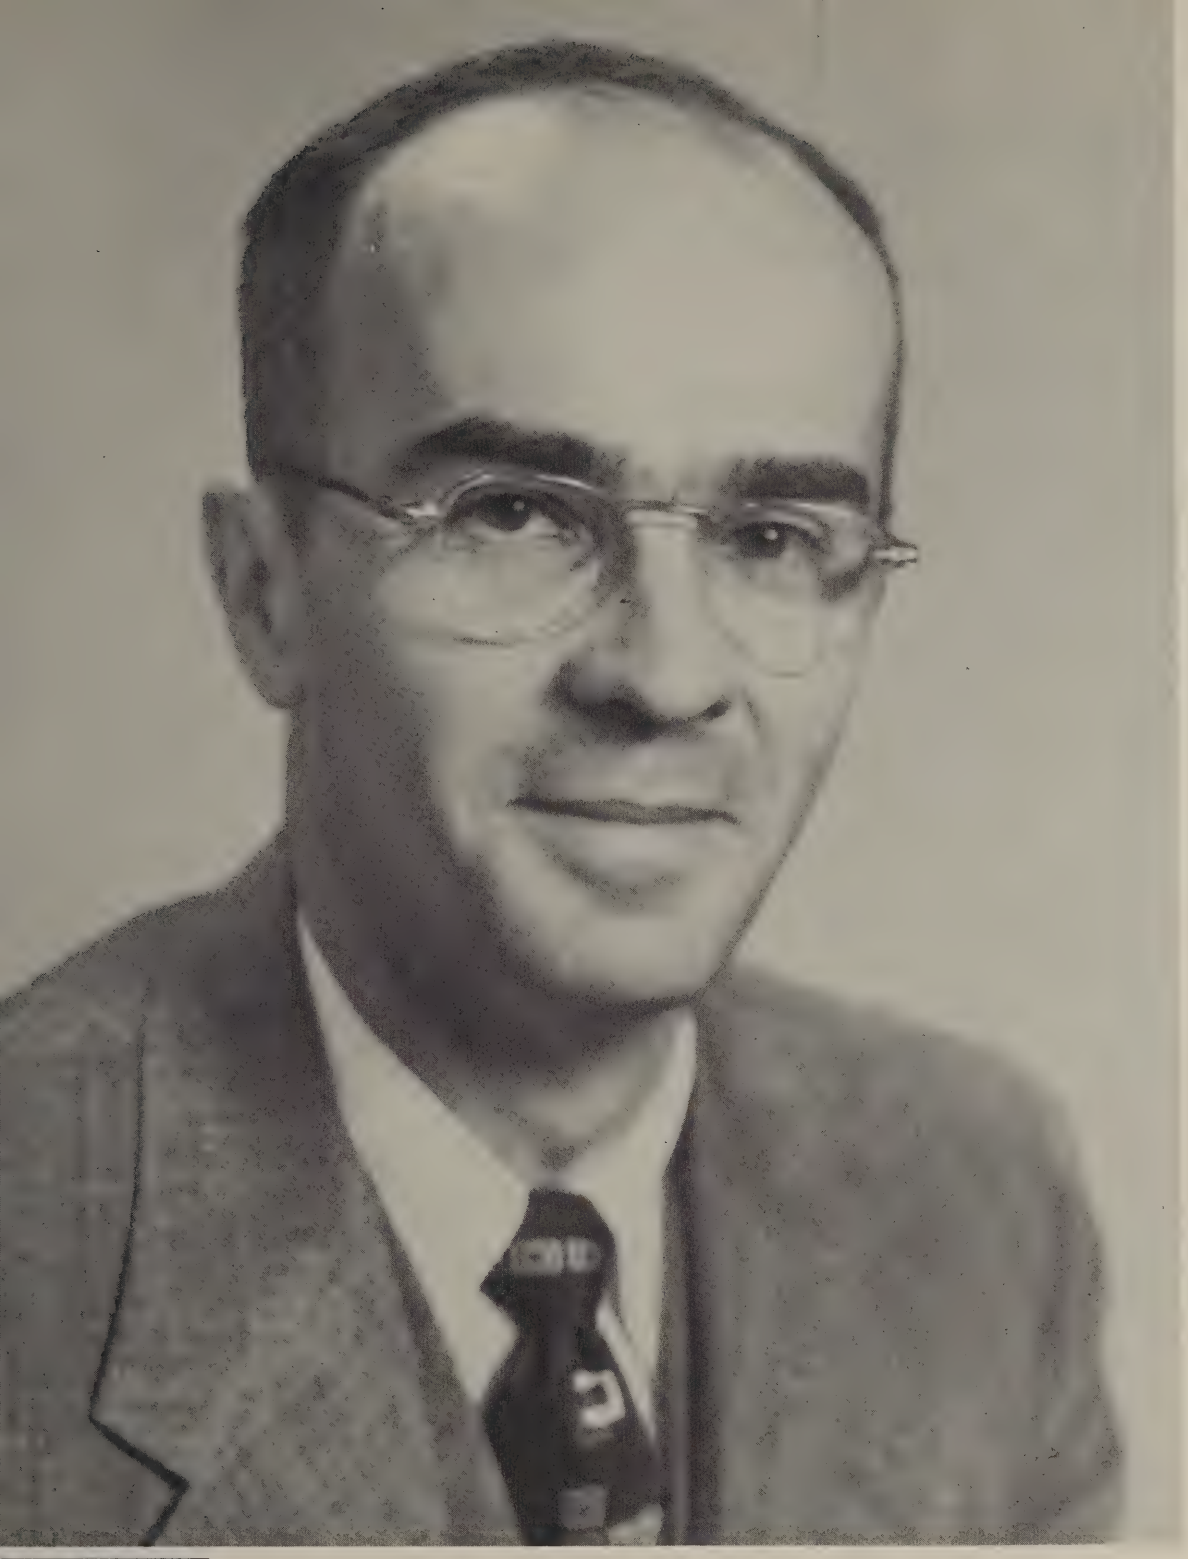

to one whose qualities of dynamic energy, Christian ideals, love for his fellow-man, and his wholehearted interest in our student body have become an inspiration to us and indispensable to Franklin County High School;

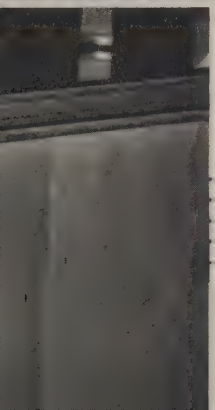

to our guidance director, teacher, and friend;

we express our sincere appreciation and dedicate this, the 1955 "Animo" to

MR. BRUCE M. KENT

In Appreciation

OUR *Leaders* WHO MANAGE

In order to have a successful symphony, it must have a very capable manager. In order to have a fine Public School System such as we have, there must be a most capable superintendent. We not only have this, we have a superintendent who has the welfare of the students and patrons of Franklin County at heart and does all in his power for their benefit. The people of Franklin County have profited greatly during his long years of service and will continue to do so. Our Public School Symphony plays on with its splendid conductor of whom we are very proud . . . Mr. Harold W. Ramsey.

Leaders Who Conduct

To me the word HARMONY rings a note of warmth and cheer. It is as close akin to friendship, unity, love, cooperation, and beauty.

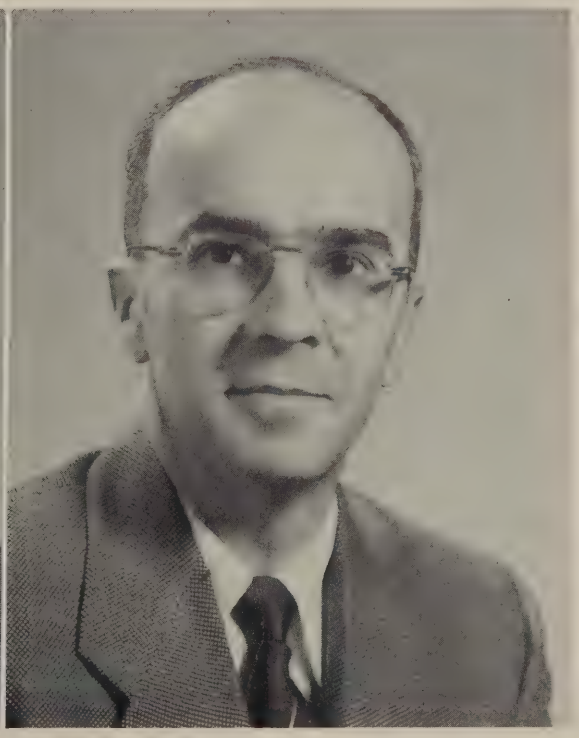

If there is harmony in music, art, color schemes, dress, arrangements, then there is beauty and aesthetic appeal. Likewise, if there is harmony in one's life and habits there is happiness and here we find the ultimate aim of every individual. Without happiness there is discord and strife. A discord in music is an irritating noise to the ears of the musician. It is meaningless and out of place. Discord in one's living habits and relationship with others rules out happiness and love. In the words of Paul, man then becomes" . . . as sounding brass or tinkling cymbal."

Our musical theme for this edition of the Animo is appropriate during this uncertain age of the atom. Without harmony among nations there can result destruction for all. So, as in all matters of human behavior, it is up to us as individuals to govern the nature of society through the individual's pattern of conduct. This brings the credit or blame for the condition of human affairs directly home to you and me.

The Finale of "Our Symphony" . . .

After five years the Class of '55 reluctantly bids farewell. It has been our extreme joy and privilege to see a new school born and grow to an enrollment of 1,100 students.

The opportunities which accompanied the growth were too great for us to contain.

Now a new door swings wide, and we leave the protected security of our high school life to pick up the torch of those who have gone before us and meet the challenge of the future.

To our teachers, the caretakers of our lovely school, the folks in the cafeteria, to everyone who has made these the happiest years of our lives, we say, "It will never be like this again. Our paths may sever, but we'll remember forever. Deep in our hearts, we'll always love F.C.H.S."

"THE ANIMO"

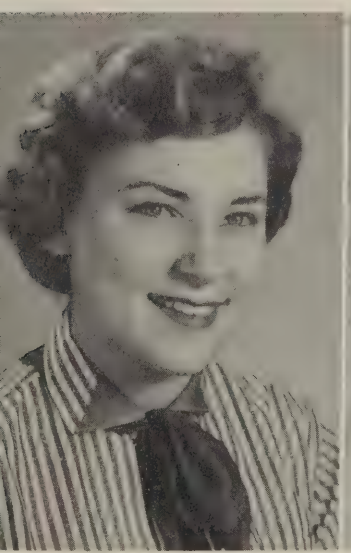

The cameras click, the presses roll and preserved for all time to come are the events of this happy year. The Staff presents to you your "Animo" of 54-55.

Here are the faces of your beloved friends and classmates. Here in kaliedoscopic review, all the movement and color, the joy, the pathos, the work and the play that made our world.

We consider it an honor and privilege to have been chosen to compile this book. Our gratitude goes out to all who helped and inspired us.

If, in future years, you open your Animo and have a good laugh or perhaps shed a tear as you recall some cherished memory of these golden days, then we shall consider our work well done.

The Latin Club, "The Societas Latina," a chapter of the Junior Classical League, is a wide awake organization of students who have taken or are taking Latin. The Motto is "Vincit qui laborat," and the colors are Roman purple and gold. The students have developed dramatizations of Roman festivals which give them new insights into the language and life of the Romans. The two main projects each year are: (1) Students enter the Virginia Latin Tournament, and (2) A Roman Banquet in April.

The Spanish Club, better known to its members as Los Gauchos was founded at Franklin County High School in September, 1954. Membership is open to all students taking Spanish and to those who have already completed two years of Spanish. Our club motto is "Adelante, Siempre, Adelante," when translated "Onward, Always, Onward."

A glance at a typical meeting would find us grouped in the auditorium, singing "Alla en el Ranche Grande", our club song. The business meeting conducted in Spanish, then follows.

The club was organized not only to give students a feeling of being south of the border but also to stimulate more interest in Spanish and to give its members more practice in oral and aural Spanish, by the presentation of plays and typical situations of everyday life conducted in Spanish.

BETA CLUB

The purpose of the Beta Club is to encourage effort, to promote character, to stimulate achievement, to cultivate leadership qualities and to encourage and assist students to continue their education after graduation.

To become a member of this great organization is not simply to join another club. It means that a person has earned by faithful work and acceptable behavior the honor of being among the larger group of young Americans in sixteen states organized for the encouragement of scholarship and the development of good citizenship.

This pledge, which each member makes his aim, explains the real meaning of the Beta Club:

"I solemnly declare that I shall always strive to hold fast to the prinlciples of honesty; to cultivate in my life and conduct the principles which the National Beta Club is organized to encourage. I further pledge myself to cooperate with the members of this club in the promotion of a sense of individual responsibility to our school, community, state and nation; to make right the master of might; and to consecrate our fellowship to our mutual helpfulness and to the betterment of our fellow students."

The Dramatics Club is an organization of Franklin County High School students whose purpose is to produce dramatic presentations for the high school and community. Membership in the group is limited to those who successfully complete the point requirements which have been set up.

The club offers experience in all phases of theatrical production ranging from stage technique to the finer points of dramatic interpretation. During this school year the Dramatics Club offered its first major presentation to the public, a production of the three-act comedy, "Arsenic and Old Lace." Funds in the club's treasury and proceeds from their first production have enabled the group to undertake its yearly project which in this case has been to furnish and equip the auditorium dressing rooms.

As this annual goes to press, the club is making plans for the presentation of its spring production which will be the Broadway comedy, "January Thaw."

PIANO STUDENTS

Music has an important place in the school program, and it is the purpose and desire of this department to fill the musical needs of the school and community. Since time is spent on all types of music, piano students participate in the different programs during the year and students from the individual churches of the county are taught to take care of the musical needs of their church. Accompanists for our school choir are members of the piano class.

Students are given standard courses and special emphasis is placed on pre-college work for those who are planning to continue their study of music.

Raising funds for the purchase of a grand piano for our auditorium is the present project of the club.

F O O T B A L L

Our football team this year started off the season by losing the first game to Bedford. We then proceeded to win four in a row. Team spirit was high and the boys were having fun. We lost a heart-breaking 18 to 16 game to Galax. In the last two games we had tough luck losing one of them by one touchdown.. The coaches were well pleased with the playing and the spirit of the club and all in all it was a successful year.

The team will lose about a dozen boys through graduation but there will be a lot of new boys to fill the vacancies and of course members of the last year's team will be back.

BASKETBALL

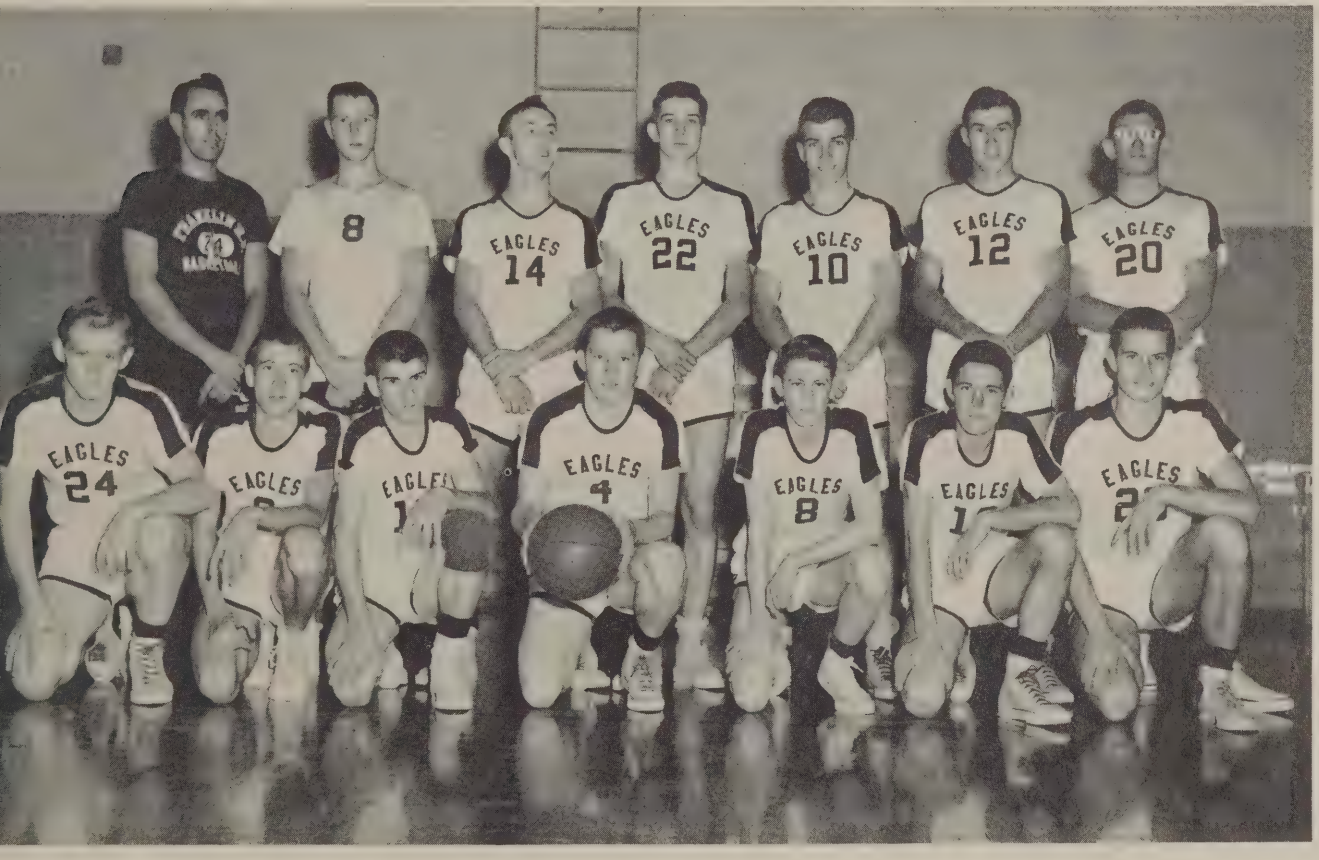

Although we had a pretty bad season in the won and lost department some of them were lost by very close scores. The games could have gone either way.

As always most of the teams we played had superior height but the boys showed a fighting spirit and most of the time made a good showing for themselves and the school. The team has shown lots of hustle and spirit and most of all they were very good sports. The home crowds were large and well behaved and this reflected on the school and the community.

In Loving Memory of our Classmates

THERE IS NO DEATH

There is no death! The stars go down
To rise upon some other shore,
And bright in heaven's jeweled crown
They shine forever more.

CHARLES EDWARD PRILLAMAN

Well Donnie I don't guess I'll be seeing you much anymore but I just want to wish you all the success and happiness that life has to offer you. I'll never forget all the good times we have had in the past two years in Intermediate Algebra geometry and Chemistry. I sure will miss you next year. You're such a wonderful person I don't think I have ever known any boy as sweet as you are and I mean this from the bottom of my heart. I would still love to date you and maybe someday I can. I hope you will never forget me as I know I can never forget you. Be good and stay sweet and I hope I'll see you again.

Love ya,
Nancy
